Dear Priya and Suraj,

I would like to thank you for the excellent job you have done creating our new website.

My brief to you was to create a site that was stylish, straightforward and simple to navigate – a site that made it easy for people to see what our company is able to offer them.

I am very pleased to say that you were able to achieve this, and you did so in a helpful, friendly manner. You have both been a pleasure to deal with and your customer service is outstanding.

We are extremely pleased with the finished product, and I'm happy to report that it has well and truly paid for itself as we are now doing business with a company in Holland as a direct result of our new website.

I look forward to doing business with you again.

Kind regards,

Julie Guthrie
